DETAILED ACTION

1. **THE FINALITY OF THE LAST OFFICE ACTION IS HEREBY VACATED.**

2. Applicants' Response to Final Office Action, received 17 December 2008, is acknowledged. Claims 1, 17 and 19 have been amended.

3. Claims 1-7, 9 and 11-19 are pending and under consideration.

Rejection Withdrawn

4. The rejection of claims 1-7, 9, 11-16 and 18 under 35 U.S.C. 112, second paragraph, as being indefinite for "clarifying the clinical specimens from containment", is withdrawn in light of the amendment of the claims.

5. The rejection of claim 17 under 35 U.S.C. 112, second paragraph, as being indefinite, is withdrawn in light of the claim amendment.

Claim Rejections - 35 USC § 112

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claims 1-7, 9, 11-16 and 18 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are:

(1) the composition of the "modified" lysis buffer.

(2) the steps/reagents of the "modified" method to increase the yield and quality of DNA

(3) which "intergenic region" is selected from SEQ ID NO:3

(4) which "portions" of flanking regions of gene *mmaA1* and *mmaA2*

(5) what further steps/reagents are in "developing" a PCR process which "comprises" the selected specific oligonucleotide primers.

Art Unit: 1645

Claim 1 is deficient in all five of the elements. Dependent claims 2-7, 9, 11-16 and 18 are deficient in at least one of the missing elements.

Claim Objections

8. Claim 5 is objected to because of the following informalities: there is no verb in the claim, i.e., there should be the word "is" immediately following "isothiocyanate". Appropriate correction is required.

9. Claim 19 is objected to under 37 CFR 1.75 as being a substantial duplicate of claim 17. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Both claim 17 and 19 are drawn to a set of primers consisting of the identical two primers.

Conclusion

10. Claims 1-7, 9, 11-16, 18 and 19 are not allowed. Claim 17 appears to be free of prior art.
